WAIPA DISTRICT COUNCIL – LAKESIDE RESERVES MANAGEMENT PLAN

5.12 - Camping/Independent overnight stays

- 5.12.1 Up to a maximum of two consecutive nights, short-term independent overnight parking will be permitted for self-contained motor homes and camper vans certified in accordance with NZS 5465:2001 (New Zealand Standard for self-containment of motor caravans).
- 5.12.2 With the exception of Karapiro Domain, there is a presumption against conventional overnight camping on any lakeside reserve. One-off requests for 'community event camping' will be considered on a case-by-case basis, and subject to the prior written approval of Council's Asset Manager - Parks and Recreation.

Justification:

With the exception of Karapiro Domain, existing lakeside reserves have minimal service amenities. Toilet facilities are small in number and there is no provision for showers. Typically, therefore, infrastructure is insufficient to meet the requirements of the Camping Ground Regulations 1985. This management plan recognises the ability of motor homes and camper vans to be self-contained. Self-containment is the ability to meet the ablutionary and sanitary needs of the occupants of a motor caravan, for a minimum of three days without needing external services and the need to discharge waste. It is acknowledged that self-contained camping creates fewer burdens on infrastructure and service facilities. Limited to a maximum of 2 consecutive nights, self-contained camping (i.e. independent overnight parking) will have limited impact on the availability of recreational space. For all other forms of camping people are encouraged to use the existing facilities at the Karapiro Domain. The availability of Karapiro's facilities is signalled on sign age at all lakeside reserves.

OTOROHANGA DISTRICT COUNCIL – TRAFFIC BYLAW 2005

WESTERN BAY OF PLENTY DISTRICT COUNCIL – MOTOR HOME PARKING POLICY

Motor Homes (Movanners), where these display proof of their appropriate certification for being self-contained, will be permitted to stay overnight only where this use is specifically identified within the reserve specific policy for that reserve.

In any reserve where Motor Homes are permitted to stay overnight this will be for a maximum of two consecutive nights in any one calendar month and only within the existing defined car parking area of the reserve.

A maximum number of three Motor Homes will be permitted in any reserve, identified for Motor Home use, in any one night (unless otherwise expressly approved or provided for through the sign on the reserve). Signs advising whether Motor Homes are permitted (and the length of stay/maximum number) will be erected on all reserves which have formed car parks.

Explanation: Freedom travelling Motor Homes (which are certified as being self-contained) are becoming an increasingly popular form of tourist accommodation. These vehicles are self-contained (do not require power, water, waste disposal) and can essentially park at will. Reserves provide prime parking destinations for Motor Homes as they frequently provide desirable water edge locations with great views, a peaceful setting and a level of security. Motor Homes can legally park as of right on any Road Reserve. Motor Homes can also affect the enjoyment of reserves by the local community and other users, taking up car park space, 'privatising' parts of a reserve with leisure furniture, washing and the like, can generate noise, deposit large volumes of rubbish and affect neighbours.

Waihi Beach locations

In the Waihi Beach Ward, Motor Homes will be permitted to stay overnight in the designated area at Tuna Ave in the Island View Esplanade Reserves and the formed car park shown in Concept Plan ref 10 of 15 in the Bowentown Reserve.

Katikati locations

Kaimai locations

In the Kaimai Ward, Motor Homes will be permitted to stay overnight in the designated area at the Pahoia Domain, Cooney Reserve, Kaiate Falls Scenic Reserve, Kotuku Recreation Reserve, Maramatanga Park, Omokoroa Domain, Omokoroa Sports Ground, Wairoa River (SH2) and Walkway and Waitui Reserve.

Te Puke locations

In the Te Puke Ward, Motor Homes will be permitted to stay overnight in the designated area at Donovan/Pioneer Park, Jamieson Oval / Jubilee Park, McLoughlin Park and Haywood Park.
